TIER

The Tier collection of containers and stands combines the most appealing aspects of our highly successful European and Symmetry collections. With the European line we provide round, square and tall shapes with simple, clean lines and excellent value. We offer optional stands to enhance and protect the containers. With Symmetry, stunning round and square shapes can be clustered so that the same motif and same size plants can be placed at three different heights.

Now, with Tier, we have four clean new shapes, two round and two square, which can serve beautifully as floor planters, but which can also be raised to different tiers using elegant, durable metal stands. Even the most common plants can be transformed by Tier into displays of highly artistic value. Yet Tier is surprisingly affordable and amazingly versatile.

With round and square containers which hold grow pots ranging from 6" through 30", round and square bowls which accept 6", 10" and 14" grow pots (with plenty of room for color around the perimeter), plus 24 different stands and 48 standard finishes, Tier provides a nearly unlimited array of planting opportunities.

We hope your imagination is inspired as you view these pages, wherein you will also see a few of our spectacular new Gemstone finishes. We approach the future hoping that Tier engenders new opportunities for all who appreciate plants and the vessels which hold them.

Sincerely,

Philip Feinman
Chairman

Steven Decker
President

On the cover:

1. Tier 1 Square Bowl in Silver
2. Tier 2 Square Bowl in Silver
3. Tier 3 Square Bowl in Silver
